Hello everyone

As you are aware, BSQ has a new executive committee to continue with the activities of the society for the next twelve months.

At the outset, I must thank the outgoing committee for doing a superb job over the last three years. They have sacrificed a lot of their personal time to look after the community.

In addition, I also thank all general members of BSQ, who have all assured us of their whole-hearted support and cooperation.

This year, we are honoured to have Mr Sunil Mukherjee, Dr Ashim Majumdar and Mr Manab Kar as patrons, who, with their experience and guidance, will help us to serve the community better.

We have also added a new portfolio, Secretary, Public Relations, to help us liaise with other communities in Brisbane & other cities as well.

Our immediate forthcoming programme includes Durga puja & Lashmi puja celebration in September/October, followed by Bijoyasammelan, if possible. We will notify the dates and venue once they have been confirmed.

The communiqué regarding our programme for the whole year will also be sent so that we can plan our personal programmes accordingly. I cannot emphasize more on the importance of everybody's participation in our community activities, which, for some reason was not to our expectations last year.

We have decided to make 'programme specific' sub-committee to involve more general members in organising our activities seamlessly. Some of the members have already pledged their help.

Lastly, I would like to say that this committee is open to ideas and suggestions and I would love to hear constructive criticism of our activities. We all make mistakes and we would be happy to learn from them and try to rectify.

Please feel free to communicate. We look forward to an eventful and enjoyable year ahead.

Warm regards.

Indranil Chatterjee.
